

MUZA FASHION FAIR

The future of fashion starts here

16-18 May 2026

Welcome & Overview

We are pleased to invite you to the first edition of **MUZA Fashion Fair 2026** (MFF), the largest fashion and creative industries fair in Albania. MFF is not just a fair, but a dynamic platform that aims to support creative initiatives, foster innovation and connect key players in the fashion world. MUZA Fashion Fair will be the main B2B and B2C event for the fashion industry in Albania, the region and beyond.

Vision

Muza Fashion Fair builds upon the success of Muza Competition, a platform that connects Albanian cultural heritage with the fashion industry, supporting young talents and forming a community of over 9,000 designers. In just four years, Muza has grown from a regional initiative into an international space for cultural and creative dialogue across Europe, the United States, and beyond—bringing Albanian heritage, reimaged through contemporary fashion, into the global spotlight.

MUZA Fashion Fair aims to position Tirana and Albania on the international fashion map by bridging the creative industry with institutions and global markets. **Led by founder Andriola Kambo**—who has directed over 30 major projects and trained in organizing large-scale international events—the fair emerges as a new regional platform for fashion and creative industries. With more than 20,000 expected visitors, it strives to transform Tirana into a leading creative hub in the Balkans.
